BNSF Logistics Awarded Two Industry Awards

Grapevine, TX, [July 15, 2013]—

BNSF Logistics, LLC, a multi-modal transportation and logistics services provider, today announced it has been selected as a top logistics provider by thousands of *Inbound Logistics* readers who voted in the magazine's annual "Top 10 3PL Excellence" awards program for the 10th consecutive year. This esteemed award follows the Quest for Quality Award, awarded to BNSF Logistics earlier this week by *Logistics Management Magazine* and reflects a strong commitment to customer excellence.

"Being recognized for the 10th consecutive year as a leading third party logistics provider by *Inbound Logistics* is a great testament to the culture and can-do attitude of our team members," said BNSF Logistics' President Ray Greer. "It is also a great honor to be acknowledged with such a prominent industry recognition as the Quest for Quality Award."

Over the past five years the company has consistently out-performed the market for revenue growth and profitability and has re-invested those profits to round out its service portfolio and the operating reach of its network. Global office expansion continues in 2013 as part of BNSF Logistics' long-term market penetration and aggressive M&A strategy.
