Announcing BNSF Logistics' New Wind Site Worthing, South Dakota

FLOWER MOUND, TX – BNSF Logistics is pleased to announce the opening of a large-scale rail transload site in Worthing, SD. The site is direct-served by BNSF Railway and has all of the amenities to exceed your rail logistics expectations. If you are looking for an experienced operations team to manage your rail logistics project, please call Justin Ewitt at (817)996-3788.

Worthing, SD site capabilities include: 77 rail car spaces available for unit trains, eight acres of fully developed land for storage, with another 36 acres available for expansion, heavy lift equipment on-site (crawler cranes, reach stackers, forklifts), close proximity to major highways; 1/2 mile from I-29 and the ability to serve as a rail distribution point for wind development projects in South Dakota, Iowa, Nebraska, and Minnesota.

About BNSF Logistics

BNSF Logistics is an industry-leading transportation intermediary, committed to providing value to each of our customers through professional acumen, entrepreneurial drive, and individual commitment. We are one of the fastest growing 3PLs in North America and pride ourselves on service flexibility and modal breadth. BNSF Logistics is an indirect, wholly owned subsidiary of Burlington Northern Santa Fe LLC.

Our vision is to establish BNSF Logistics as the leader in providing creative logistics solutions that consistently exceed our customers' expectations. BNSF Logistics offers services that range from single shipment execution to complete network design and operation. Our modal expertise spans parcel, truckload, intermodal, and rail. BNSF Logistics provides a blend of professional expertise with logistics technology designed to maximize customer value.
