BNSF Logistics Recognized by SC&RA for 20 Years of Membership and Dedication

Dallas, TX – BNSF Logistics, LLC, a leading multi-modal third-party logistics service provider, recently received a Longevity Award from the Specialized Carriers & Rigging Association. SC&RA is an international organization comprised of more than 1,400 members from 46 nations.

SC&RA's Longevity Awards are presented to member companies for their longtime support and dedication to the association, and its mission. BNSF Logistics was recognized with the 20 Years Award.

BNSFL attends SC&RA's annual Specialized Transportation Symposium each year to absorb the latest information regarding industry trends and regulations, and network with other transportation professionals.

"We are honored to receive this award. Being a SC&RA member has been very beneficial to our business," said Lance O'Daniel, Vice President of Supply Chain Solutions. "Having access to the latest changes in regulations and permitting actions at the local, state, and federal level allows BNSFL to deliver what matters safely and efficiently. We also enjoy getting to know carriers to develop scenario-based solutions for the transport of oversized cargo."

Companies across the United States and around the world submit dozens of entries to the SC&RA Awards competition each year. The Awards program recognizes worldwide excellence in the crane, rigging and specialized transportation industry.

About BNSF Logistics
