BNSF Logistics Honors Top Partners with 2020 Supplier Excellence Awards

Dallas, TX – In a year marked by historic disruptions to supply chains and the flow of goods worldwide, BNSF Logistics, LLC – a leading multi-modal, third-party logistics company – is proud to announce the recipients of our 2020 Supplier Recognition Awards honoring those partners who helped us uphold our promise of delivering what matters.

BNSF Logistics uses a diverse group of more than 75,000 suppliers globally and across all modes of transportation to help our customers deliver goods to market. The continued support of those providers is vital to meet and exceed the expectations of our customers.

Each year, top service providers from amongst this global pool are nominated by BNSF Logistics operations team members and evaluated on a multitude of performance metrics that include: on-time service, capacity, and overall customer service performance throughout the year. The recipients for 2020 are:

"Our success as a company depends entirely on people — including those who work for us, as well as those who work with us. The dedication and responsiveness of these suppliers when working with our operations teams over the past year during a global pandemic was nothing short of remarkable. We thank them for the incredible service they provided for our customers and we look forward to working with them again in the future," said Lance O'Daniel, Vice President of Supply Chain Solutions at BNSF Logistics.

About BNSF Logistics

BNSF Logistics is a technology- and people-driven third-party logistics company that delivers what matters to our people, our customers, our carriers, and our communities. We are a growing company that dares to embrace imagination and combine it with deep experience and technology to provide smart, creative supply chain solutions that align with our customers' business needs and bring on-time, measurable results to their bottom line.

As a subsidiary of Burlington Northern Santa Fe, LLC, a Berkshire Hathaway company, BNSF Logistics specializes in the movement of freight around the globe, leveraging uncommon service scope, resources, and financial depth.
