# BNSF Logistics Honors Top Suppliers for Contributions in 2021

Dallas, TX – BNSF Logistics, LLC is proud to announce the recipients of our 2021 Supplier Recognition Awards honoring those partners who helped us uphold our corporate promise: “We Deliver What Matters.”

BNSF Logistics — a leading multi-modal, third-party logistics company — uses a diverse group of more than 75,000 suppliers globally and across all modes of transportation to help our customers deliver goods to market. The continued support of those providers is vital to meet and exceed the expectations of our customers.

Each year, top service providers from amongst this pool are nominated by BNSF Logistics operations team members and evaluated on a multitude of performance metrics, including on-time performance, capacity and overall customer service throughout the year.

“We couldn’t do what we do without a dedicated group of suppliers and partners who work alongside us every day,” said Dan Curtis, CEO of BNSF Logistics. “Each of our Supplier Recognition Award recipients has gone above and beyond in serving our customers during a very challenging time in the industry and are very deserving of this recognition.
